- Fixed bugs, optimized performance, and ensured cross-browser compatibility.
- Delivered projects on time and maintained communication throughout the development process.

SKILLS

HTML5 | CSS3 | SASS | TypeScript | JavaScript | PostgreSQL | GitHub | Git | Responsive & Cross-browser Design | Teamwork & Communication | Problem Solving & Debugging

PROJECTS

01/01/2025 – 01/04/2025

 **Izi Bloom School — English Learning Website**

Description:

Izi Bloom School is a modern, responsive website built for an online English language school. The platform presents the school's services, team, and pricing in a clean and engaging way. The website includes lead-generation forms, a responsive design optimized for mobile and desktop devices, and SEO enhancements to improve visibility.

Main responsibilities:

- Developed the frontend using HTML, CSS, JavaScript, and React.
- Created dynamic UI components and integrated animations.
- Implemented contact forms with validation, success/error alerts using SweetAlert2, and spam protection using Google reCAPTCHA.
- Optimized site structure and metadata for SEO performance.

- Collaborated with the client to update content and ensure a smooth user experience.
- Deployed the site to a live environment and ensured cross-browser compatibility.

Technologies Used:

React, HTML5, CSS3, JavaScript, Git, SweetAlert2, Google reCAPTCHA, SEO best practices
